256 W. 124th Street
New York, NY 10027

Dear Mamais Construction,

Thank you very much for taking the time to celebrate the holidays with the Pediatric Department at Harlem Hospital on December 15, 2016. The children and families on the Inpatient Floor and Emergency Department were so thrilled to see your smiling faces and receive your gifts. After you left, I saw the children already playing with the toys with their families!

The Child Life program here at Harlem Hospital is so appreciative for your donation. Many of our patients reside in shelters or housing projects, struggle in low-performing schools, and live with one-parent families- they may not have the resources to celebrate the holidays, and so your donation lifts the spirits of those patients and their families.

We are so grateful to Mamais Construction for your generosity, thoughtfulness and kindness to our patients and families during the holiday season. It can be an extremely difficult, lonely, painful and sad time to be a hospitalized, sick or injured child. Your gifts and smiles made a world of difference.

Sincerely,

Ivana Man
